

Facility Swim Test

Pool Admission Standard is a Provincial Law That Pools Must Follow.

The recreational swim admission standard is applied to all recreational swims. Aquatic staff may ask a participant for a demonstration of their swimming ability if they feel there is a concern for personal safety.

To successfully pass the facility swim test, individuals must:

- Swim on their front for one width of the pool successfully with their face in the water.
- Use a recognizable stroke.
- Swimmers must maintain a regular, comfortable breathing pattern and must not stop during the entire distance.

Help Reduce Pool Closures

A pool fouling will cause a closure of our pools anywhere from 1-24 hours. Here are some healthy habits you can take to stop the spread of germs and reduce the number of closures in our pools:

- Take your kids on bathroom breaks or check diapers often.
- The use of a swim diaper is mandatory to enter the pool if a child is not yet fully toilet trained.
- Do not swim if you are feeling sick or have been sick in the past 24 hours. This is especially important for children in diapers.
- Wash your body thoroughly with soap and water before swimming.

Thank you for your assistance in keeping our pool clean for all to enjoy!
